COLT

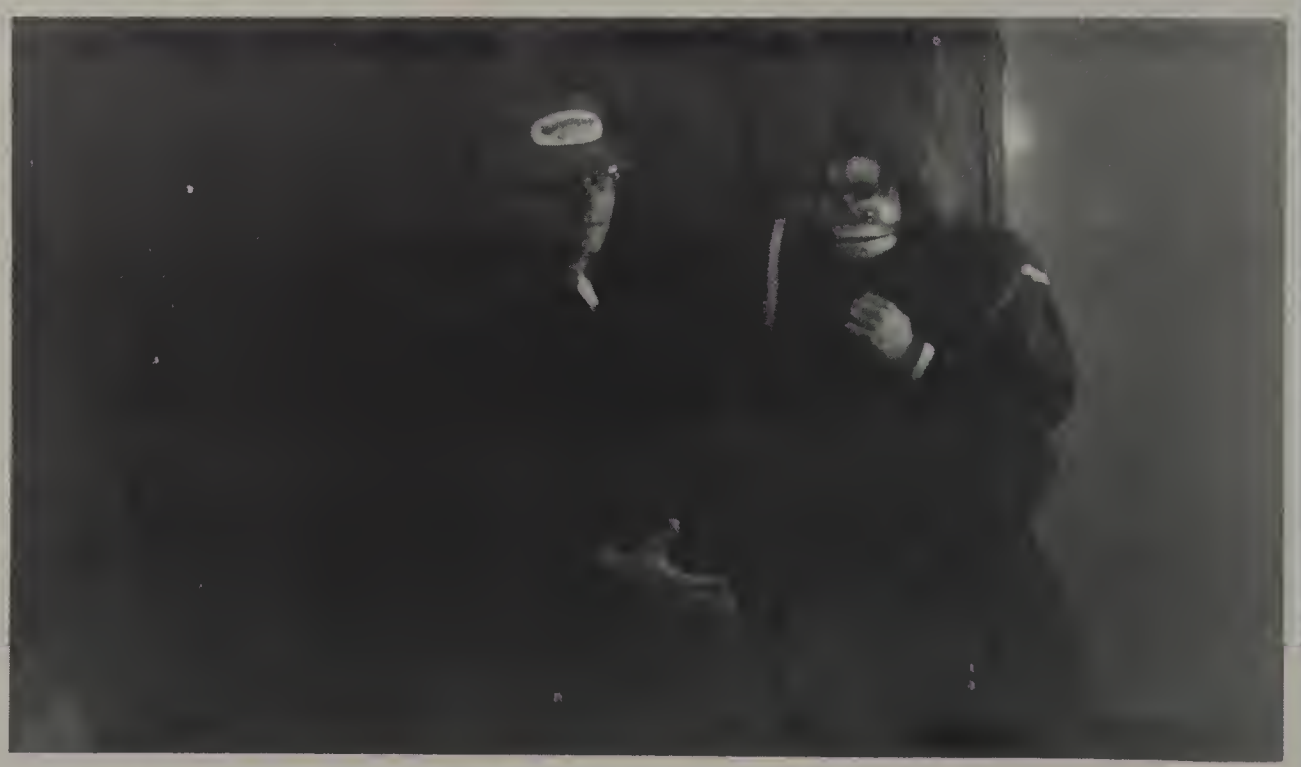

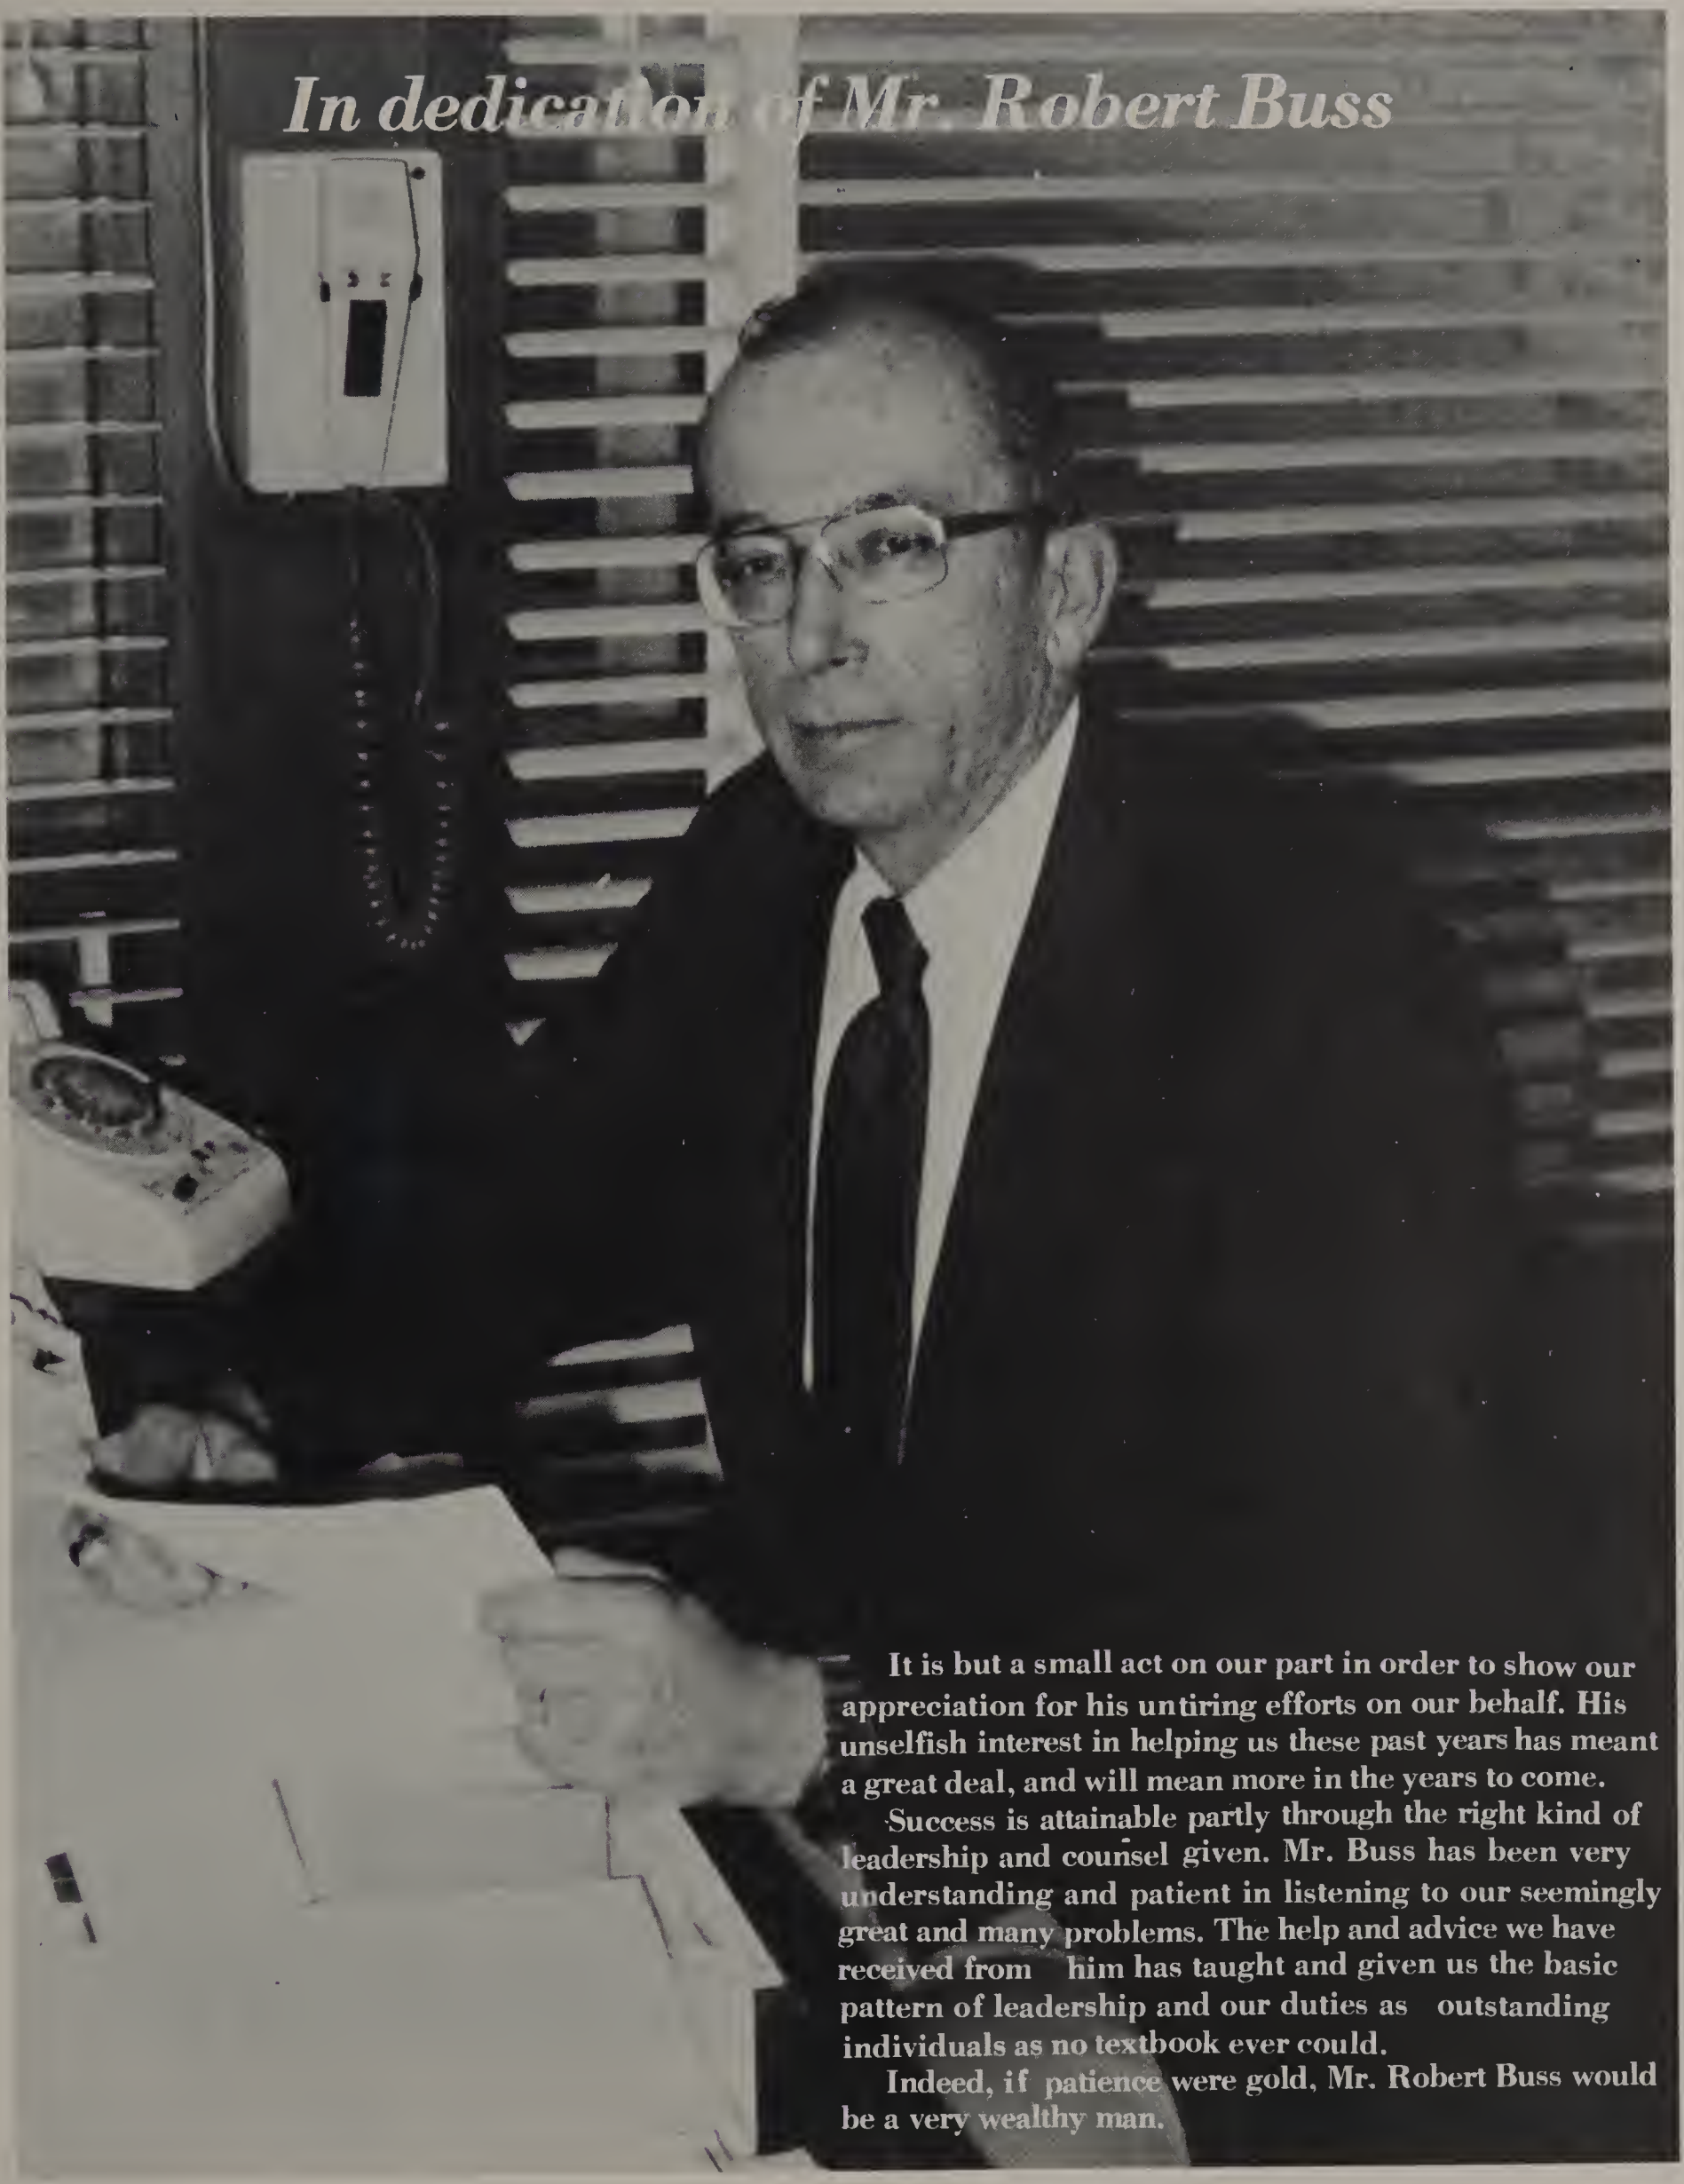

In dedication of Mr. Robert Buss

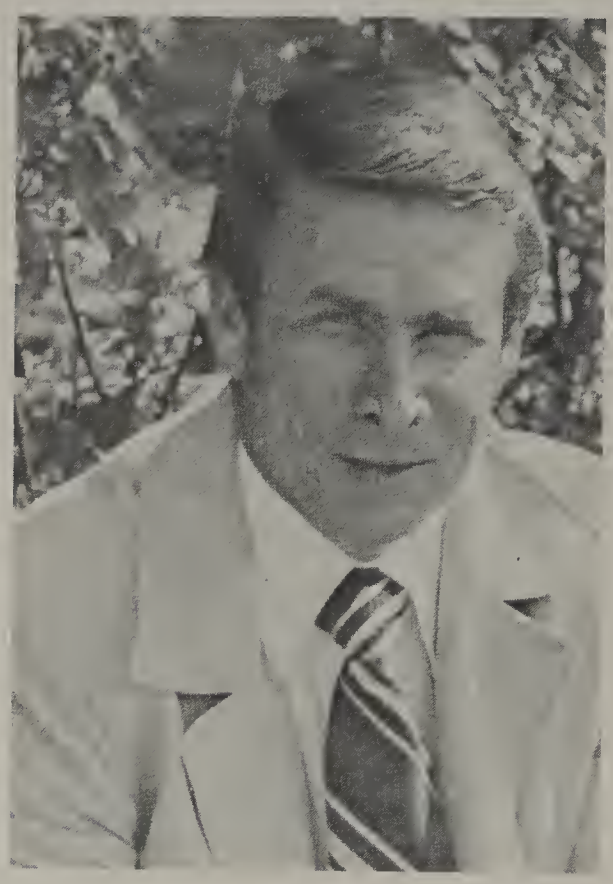

It is but a small act on our part in order to show our appreciation for his untiring efforts on our behalf. His unselfish interest in helping us these past years has meant a great deal, and will mean more in the years to come.

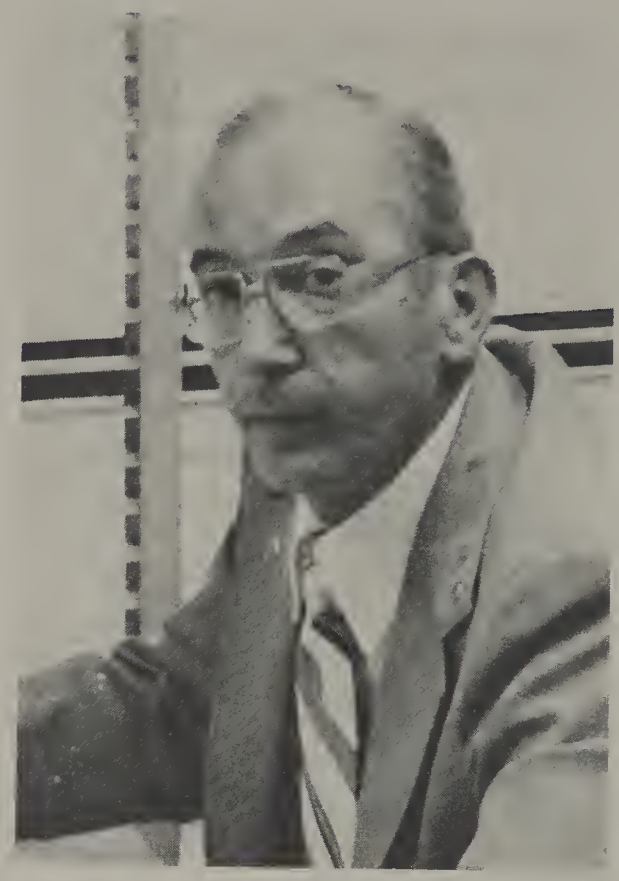

Success is attainable partly through the right kind of leadership and counsel given. Mr. Buss has been very understanding and patient in listening to our seemingly great and many problems. The help and advice we have received from him has taught and given us the basic pattern of leadership and our duties as outstanding individuals as no textbook ever could.

Indeed, if patience were gold, Mr. Robert Buss would be a very wealthy man.
